

An oscilloscope is set with the vertical scale on 2 V/cm, and the horizontal scale on 5 ms/cm. With no input signal, the trace is in the position shown in Figure 6.

**Figure 6**

A  $4.0 \text{ V}_{\text{RMS}}$  sine-wave signal of frequency 50 Hz is connected to the oscilloscope.

**Question 12**

On the diagram of the oscilloscope screen shown in Figure 6, sketch the trace that would be observed.
